Special Care Attachment for Large
Fleshy Women, Great Neck Trim
Facts, Minus Rupture Scars

Mrs. J. E. Williams, patenting
U. S. Pat. No. 1,488,888, N. Y. has
a new, efficient attachment that holds
the rupture on matter from 1/2 to
1 1/2 of the abdomen in very flesh. It
holds any rupture with ease, comfort
and no pain. The rupture of women in
new dress and clothes are in need of
just such a support as Mrs. Williams
is able to supply. Experience has
shown that many women are unable
to wear a corset because of their
large ruptures or loose abdominal
muscles. The special support for
all and rupture support combined is
designed to care for all such con-
ditions.

Includes every woman who has
been concerned in a very ordinary
line of dress that is not loose the
waist, making and chafing around
the rupture. The weight of the
abdomen must be carried by the band
around the hips and the pressure is
sometimes very great, causing undue
suffering. For gentle, broad sup-
porting wear, understand, come away
with all cutting, binding and banding.
It is light, flexible, durable, cool and
fits the figure like a glove. It gives
you a sense of freedom, security and
satisfaction.

Mrs. Williams will be at the local
department store, San Jose, Calif., after
noon and evening of May 25, all day
and evening of May 26, to demon-
strate this marvellous support. Free to

this and prove to you that it is a
great blessing to all ruptured women.

Perhaps nothing is more disheartening to
a housewife more trying to her nerves than
a dark, dingy, unattractive kitchen. And
nothing is easier of correction.

—any one of 12 artistic shades—and B-H
Gold Seal White Enamel on the wood-work
will turn her kitchen into a room to be
proud of—one to invite friends to inspect.

considering a painting job—whether a room
or an entire house—inside work or out. The
B-H line contains paints, varnishes, stains,
enamels, in fact preparations for every
painting use.

One Housewife says
the paint was
excellent. It was
easy to use and
the result was
excellent.
