Dear Donald:

Sorry about the last minute cancellation of the January 29th AOWG Science Panel meeting. Hopefully, it was not too inconvenient!

As indicated, the meeting has been rescheduled to follow directly after the full AOWG meeting of Tuesday, February 10th. As the AOWG meeting concerns mainly the CDC briefing of their Mortality Study, all of the Science Panel members have been invited.

The main topic of the Science Panel meeting will be the Agent Orange Project Update. The meeting is scheduled from 3:45 - 4:30, but may start a little earlier if the AOWG meeting gets through before 3:30 p.m.

Sincerely,

Ronald W. Hart
