Thanks, Brittany—you're the best!

Robin, as of now we are pretty free on all of those days: June 6th and 7th, as well as morning of June 8. Please let me know what day and time work best and we will be available. Thank you.

Spencer

Hi Brittany!

I hope you are well and settling in over there at EPA. I'm hoping you can help me with this request or point me in the right direction if you are not the correct person.

I'm writing to request a meeting between yourself, or the appropriate EPA staffer, and the Chairman, and the CEO of one of our clients, Swift Fuels.

Swift Fuels' corporate leadership, Chairman Rob Broin, and CEO Chris D'Acosta, will be in Washington D.C. on June 6, and 7, and the morning of June 8. Rob Broin is Founder and Chief Technology Officer of Broin Companies (which is now a part of POET, LLC). Both bios are attached.

Swift Fuels is a cutting edge global leader in the development of high-performance unleaded aviation fuels. Rob and Chris would like to brief you on the status of the Piston Aviation Fuel Initiative (*PAFI*), of which Swift Fuels is a finalist, as well as the future of unleaded avgas at the EPA and FAA.

Please let me know if you have any questions or if there is someone else who is more appropriate for this meeting.

Thanks again and talk soon!

Spencer
