Greenwood Plaza
Denver, Colorado 80217

Dear Ed:

Having just returned from an extended vacation, I would like to respond to your letter of November 20. Owing to the nature of the discussion about the usage of asbestos within General Motors, it would be best to meet at our offices in Warren, Michigan. We will be happy to have you come any time that is mutually convenient.

While it won't be possible at this time, I would very much like to visit your Denver research facilities.

I look forward to hearing from you.

Sincerely yours,

Bill
