FRIDAY AND SATURDAY SPECIAL

Crumb Tray and Scraper

So much nicer for removing crumbs from the dining table than to use a napkin and plate or some other makeshift. Every tidy housewife either has one or wants one. Even if you have one another one will not come amiss.

They are made of heavy pressed metal, nickel plated and embossed, and decorated with a pretty scroll design, as shown in the picture. The scraper has a neat ebony handle. They would ordinarily sell for three or four times the asked price.

No Mail or Telephone Orders Will Be Accepted and No Deliveries Made

at his shelves. See the "Acme Quality"
mark on every can and package
and you'll know that it is a safe
place to buy paints, enamels,
stains, varnishes—
