W. B. Papageorge - B2SK
R. G. Potter - B3SA
K. W. Easley - 1920
W. W. Withers - B2SA

Attached is a draft for the toxicity section of the Monsanto statement under Action No. 5 of the reference memo.

I believe this draft contains the essentials which must be included. It will undoubtedly need to be revised before it becomes a part of the final statement which should be completed in late August.

Comments are solicited.
