of
**LASTING
BEAUTY**

NO PAINT LASTS forever. But fine paint does last so much longer than cheap paint that the only way to economize in painting is—use fine paint.

The labor cost of painting with Fuller Pure Prepared, the White Lead Paint, is no more than the labor cost of using cheap paint. The

higher cost, per gallon, of Fuller's is more than offset by longer life, greater protection and clear, true color which last. There is no satisfactory substitute for White Lead in paint. Fuller Pure Prepared is skillfully made of the right proportions of Pure White Lead (for body and elasticity); pure Zinc Oxide (for spreading capacity and hardness); and the highest grade of linseed oil. Every cent that you pay for Fuller Pure Prepared is justified by the lasting beauty and protection it gives your home. . . . Consult a Master Painter—and specify Fuller Pure Prepared Paint. Ask your nearest Fuller dealer, listed below, for a Pure Prepared color card. Write to W. P. Fuller & Co. for the booklet, "YOUR HOME AS OTHERS SEE IT".
