there, were there different manufacturers?

A General Motors, Ford, Chrysler, International, White.

Q Was there more of one manufacturer than another there?

A We had more Fords.

Q And if we can just concentrate on Ford, can you just tell us what types of Ford vehicles were there when you started working at that garage?

A '28, 1928, '29, '30s, '31s, '32, the passenger cars that we had.

Q And what about trucks?

A That was trucks. Most all of them were trucks, except about three or four vehicles that were passenger cars.

Q And the trucks, the Ford trucks, what were the sizes of those trucks?

A They were half to two or two and a half ton.

Q And the passenger vehicles, what types of Ford passenger vehicles?
