Rick, thanks for the introduction.

Andrew, I'd be pleased to be of any assistance to you. I know DOI is sending a witness along with NISC.

Thanks,
Scott

Scott,

I'm sending this to introduce you Andrew Harding. He is the SEPW Counsel who is putting together a hearing next week (Wednesday, March 15th at 10am) on invasive species. They are interested in innovated technologies and management approaches for addressing invasives.

I told Andrew you would be able to provide valuable background information for the hearing.

Rick
