Dear Mr. Choate:

You may recall that in August we were in correspondence regarding your Wollastonite.

We now have a renewed interest in this material, and would like to have a 50 lb. bag of your Grade F1 shipped to the attention of our Mr. R. Dzurilla. In addition, we would appreciate knowing whether you can furnish a grade to the following specification:

+ 60	5% Maximum
- 60 +100	15% Maximum
-100 +140	9 to 14%
-140 +200	10 to 15%
-200 +270	9 to 14%
-270 +325	3 to 8%
-325	37 to 47%

If you require a purchase order for the sample being sent to Mr. Dzurilla, please advise. Your cooperation in this matter is much appreciated.

Very truly yours,

POSPCO, INC.
