September 26, 1941

Dr. Francis C. Frary
Aluminum Company of America
Aluminum Research Laboratories
New Kensington, Pa.

Dear Dr. Frary:

Thanks so much for the blueprint of the mill. The suggested alteration should in no way interfere with its performance and I can understand that it would be much more easy to manufacture. We are turning this over to our mechanics who can start construction.

We got our new aluminon this morning and hope it is going to solve our analytical problem.

Sincerely yours,

Leroy U. Gardner, M.D.
Director
