RUSSELL SCHELL
ASSISTANT MANAGER

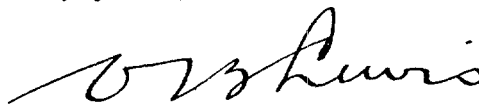

Dr. W. F. Machle

Dear Dr. Machle:

We have a number of tanks that have been spiked since our original survey and the compilation of the individual tank records. It would seem to me advisable that on these tanks and on any old tanks which come to our attention to have similar forms prepared so that our file on spiked tanks might be as complete as possible.

If you agree to this, we will so instruct our safety engineers. (We understand you are not at present requiring samples from these tanks as they are being cleaned).

Very truly yours,

W:GCL
