vs: Standard

Doctor Robert A. Kehoe
College of Medicine
Eden and Bethesda Avenues
Cincinnati, Ohio

My dear Dr. Kehoe:-

Mr. Christie Benet advises that this case is at the head of the calendar for the term beginning December 7 and that plaintiff is insisting it be re-tried at that time. I am sure it does not need explanation from me to convince you how necessary it is for you to be there for the trial. Mr. Benet particularly hopes you can join him at least one day before the trial. May we rely on you to do so?

The plaintiff's lack of confidence in his case is indicated by the intimation he will accept \$2500.00 in settlement. I am continuing my policy that we cannot afford to settle one of these cases even though it costs us vastly more to defend. Our success at Wilson materially strengthens my adversity to settlements in this type of litigation. If we can win the Hubbard case, I shall feel quite confident it will be the end of this type of litigation. I feel sure you will cooperate with us in the hope of assisting us to accomplish this desirable objective.

Yours very truly,

Edwin S. Hall
