Plan

CCR 000044854

INTEROFFICE COMMUNICATION

Ponca City, Oklahoma
June 2, 1969

TO: Mr. R. H. Gerlach - Westlake, Louisiana

SUBJECT: SECONDARY WASTE DISPOSAL FACILITIES
W.O. M-2382.

Plot plan drawings are attached showing the "Alfol", Ethylene, VCM Plants and the property to the south. We do not have a single large-scale drawing for this area. The scale is 1" = 100'.

This should enable you to do some planning.

In order to do detailed engineering design, it will be necessary to have a survey made of the areas you are working with. A C.E.D. survey party may be in the Lake Charles area in a few weeks. If this develops, we will check with you in order to include any work you may require.

If you need additional prints or we can help you in any other way, please let me know.
