paying teller, has been found. Descriptions of the daylight robbers have been prepared and sent to the police authorities throughout the country. The deputy sheriffs are convinced that no one saw the men leave the bank and from the moment they passed out of the door no trace of their movements has been discovered.

Ship Reds to H—l, is Chancellor's Advice

NEW YORK, May 19.—Every Bolshevist and radical in the United States should be deported "on a ship of stone, with sails of lead, the wrath of God for a gale and hell for the nearest port," the Rev. Dr. John Wesley Hill, chancellor of Lincoln Memorial University, Cumberland Gap, Tenn., declared in an address here.

Speaking at a pro-American rally under the auspices of the American Defense Society, Dr. Hill urged that there be no hesitation in dealing with radicals who oppose the American governmental system.

The F. H. Hathaway is a 9400-ton vessel and is being built for the United States Shipping Board. She has been built in 140 days. Four other vessels of similar design are now under construction at the plant.

Mrs. W. H. Christie, wife of the mayor of Emeryville, and secretary of the Union Construction Company, will sponsor the ship as she slips down the ways late this afternoon.

Diego, who is listed as wounded severely in action, is the only Californian whose name appears among the casualties announced by the War Department today.

RELEASED ON BAIL.

NAPA, May 19.—Gardner de Veuve, principal of the St. Helena grammar school in this county, who was arrested following an accusation of improper conduct by a schoolboy, has been released on furnishing $10,000 cash bail.

We feature the entire line of

SHERWIN WILLIAMS PRODUCTS

Paint, varnish, enamel, stain, oil, disinfectant and insecticide.

Have you

read in this week's

Saturday Evening Post

the two-page advertisement telling how painstakingly

SHERWIN WILLIAMS PRODUCTS

are made in order to secure uniform quality?

You'll be interested to read of the slow grinding of the paint, by which its covering power and durability are obtained. And of the one hundred fifty-three large factory buildings now making these products.

The three of us—brothers—are selling paint and other perking-up products, plus a personal interest in the job. The advice is free. Try it.
