PERD HEADS

The attached letter was sent to Mr. Jefferson with a brochure containing the remarks of Mr. Thomas O. Mathues, Vice President, Manufacturing Staff, General Motors Corporation. Mr. Mathues' remarks were made at the Asbestos Information Association Conference, September 17-18, 1980, in Washington, DC.

The letter and attachment were also sent to Ken Stueber, Plant Manager of the Martinsville Plant, and may have been sent to many additional plant sites. If any of your plant sites have received this request to provide information regarding asbestos, ask that they not respond, but refer the letters to my attention for handling.
