You'll get quicker service when
 you dial if you follow these simple
 steps:

1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
2. Dial each digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Remove your finger and let the dial return naturally, without forcing or hurrying.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.
