

DUNLAP COPS OKLA. PALMA

with

N. R. A's.

"well pleased with their performance"

Richard Dunlap of Tulsa, won the Small-Bore Palma Match in the 1930 Oklahoma State Rifle Championship meet at Okmulgee on June 8 with a score of 435 x 450, using a .22 caliber Springfield with iron sights and shooting U. S. N. R. A's.

The Palma Match is fired over a three-range course; at 150 yards, 175 yards, and 200 yards..... two sighters and fifteen shots for record at each range; on a 200-yard, 4-inch, ten-ring decimal target. His scores were:

150 yards.....	149
175 yards.....	145
200 yards.....	141
	435 x 450

"I am very well pleased with the performance of my ammunition," was Dunlap's comment. "I can commend it as being consistent."

Riflemen who win championship matches and 'bring honors' to themselves or their teams have to be consistent performerslike U. S. N. R. A's and all other U. S. Ammunition.
