The analysis of water grab samples from R. L. Rollins, Vice President, Engineering, JARD Company, Inc., Bennington, Vermont 05201, for PCB's has been completed with the following results:

OR Log Number	Sample Description	ppm PCB's as Aroclor 1242
396	F - Blank	0.021
397	A - Rinse Water	2.693
398	C - Collection Pool	0.124
399	B - Overflow Dry Well	0.089
400	E - At Bridge	0.041
401	D - 100 Yds W. of Bridge	0.069

The PCB's found in all samples were typical of those present in Aroclor 1242.
