

March 1, 1943

Mr. J. H. Schaefer,
Ethyl Corporation,
Chrysler Building,
New York City.

Attention: Mr. J. Biehle

Dear Mr. Biehle:

Thanks very much for your note of February 5, with reference to bulletins from the Lead Industries Association. I may say in all sincerity that these bulletins are not likely to be of much practical benefit to the Ethyl Corporation, since our activities as an industry, in this field are rather a pattern to shoot at. On the other hand, I have a number of very good reasons for wanting to keep a rather close check on bulletins of one kind or another that are issued by industrial and governmental agencies. Therefore, I would be glad to see these bulletins from time to time, and if you wish me to, I can return any of them to you after having examined them. If, on the other hand, you intend to request the Association to send its bulletins to me for my own use, I should be very pleased to have them.

Very truly yours,

Robert A. Kehoe, M. D.

J. H. SCHAEFER,
GENERAL MANAGER.

PLEASE ADDRESS REPLY
TO: CHRYSLER BUILDING
405 LEXINGTON AVE., NEW YORK CITY

February 5, 1943

Dr. R. A. Kehoe
College of Medicine
University of Cincinnati
Eden & Bethesda Avenues
Cincinnati, Ohio

Subject: Lead Industries Association Bulletins

Dear Dr. Kehoe:

As a member of the Lead Industries Association, we receive a number of bulletins from them, and many of them have to do with "Lead Hygiene and Safety."

If you are not already receiving this material and are interested in having it sent to you, we shall be glad to make the necessary arrangements.

Very truly yours,

J. H. Schaefer
