

Rugged Duty Economy Wet/Dry Vacs..

1.25 HP High Performance

These Shop-Vac Wet/Dry vacs are equipped with High Performance industrial by-pass motors for greater pick-up power, and have many of the features that are incorporated into our more expensive equipment. New 10' x 1 1/4" and 8' x 2 1/2" hoses.

These vacs were designed for use in facilities requiring rugged-duty equipment, but at a modest cost. Steel drum has rust-resistant epoxy phenolic-coated interior. Heavy-duty handles are on the tank for easy handling and emptying. Side orifice prevents vac from tipping. Converts to a powerful blower.

Standard equipment includes: 10' x 1 1/4" crushproof hose with airflow control and positive lock, 1 1/4" diameter positive lock extension wands, 10" master nozzle, 10" squeegee shoe, 10" rug shoe, 10" brush shoe, 8' x 2 1/2" hose, 2 1/2" diameter extension wands, and utility nozzle. Model 612-21 comes with a 4-wheel dolly with swivel casters; Models 612-22 and 612-24 have a cross-brace dolly.

UL listed, for operator safety.

Model 612-21 6 gallon

Model 612-22 10 gallon

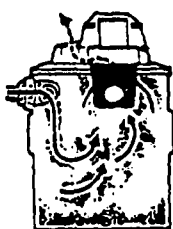

Model 612-24 20 gallon
