Thank you for your inquiry regarding the ASBESTEST^R kit
for elemental chemical analysis of asbestos containing materials.

The enclosed bulletin details the use of the kit.

The 55 test kit is priced at \$125.00, F.O.B. St. Petersburg,
Florida, with shipping and insurance charges prepaid and added to
the invoice of approved credit customers. Otherwise, the kits are
shipped C.O.D. including freight charges. Our terms of payment are
net 10 days.

The kits are shipped in two packages due to Department of
Transportation regulations via United Parcel Service and are
complete...NOTHING ELSE TO BUY.

We have been providing quality products to the Medical Research
Laboratory since 1952 and look forward to receiving your order for
our kit. Order simply as EC110 Asbestest Kit.

Sincerely yours,

E-C APPARATUS CORPORATION
