Ryan,

Tomorrow in Detroit, Emerson Chairman and CEO and NAM Board Chair David Farr will deliver another major address on tax reform, his first since the release of the proposed House legislation.

His speech will be the keynote address at the Business Leaders for Michigan CEO Summit, and we don't want you to miss it. A livestream is available [here](#) at 12:50 p.m. EST.

We will be highlighting the speech on Twitter ([@ShopfloorNAM](#) and [@JayTimmonsNAM](#)) and [Facebook](#). We're encouraging manufacturers to join the conversation online at this critical moment for tax reform. David Farr will deliver a forceful call to action, and we are asking everyone who wants to empower American manufacturing workers to make their voices heard.

Best,

Aric Newhouse
