Heubach Colorants Germany GmbH

Overview on Heubach Colorants Germany GmbH

The purpose of the business:

Heubach Colorants Germany GmbH is a producer of organic pigments, intermediates for organic pigments and pigment-preparations.

Main sales area is the EU. But there is also a significant business in the rest of the world.

Products:

Pigments for coatings, plastics, printings and special applications like seed coloration, cosmetics, stationaries, ...

Market fields:

coatings, plastics, printings, intermediates, and special applications

Position within the value chain of Fluoropolymers:

Heubach works in the sector of chemical industry. It is a user of seals, gaskets and liners made of Fluoropolymers. Without this equipment a safe and legal production is not possible, because there are not adequate alternatives available.
