Dear Joe:

On May 28 I wrote you advising you on accumulation of slow-moving items of board line at the Brunswick Plant. We asked your assistance in moving those items since they represented a requirement on storage space which, as you know, is always at a premium and also represented an expense in manufactured material that does not move. We followed this up on July 25. To date I have no indication from you as to receipt of either of these letters or what action your organization plans to take.

Would you please review your file on this matter and indicate to us how we should make the charge that I have been asked to enter against your account in the amount of $80.00 on the one inch sereboard.

Very truly yours,

BESTWALL GERTAIN-TEED SALES CORP.
