Dear Drew:

Confirming our recent conversation, please find attached a listing of our PVC resin suppliers during Wayne Cox's employment at our facility. I have also enclosed two examples of warning labels, one used today on bag material, and one from 1980. Three material safety data sheets have also been attached:

1. Current PVC homopolymer issued 1986
2. A typical PVC copolymer issued 1984
3. A typical PVC homopolymer issued 1979

Please let me know if additional information is required.

Sincerely,

A handwritten signature in dark ink, appearing to read "Cliff Gandis", written over a horizontal line.
