

YOUR HOUSE NEED PAINT? THEN REMEMBER—

A PAINT BRUSH

has a handle
too—

IT is important that you consider the handle end of a paint brush, as well as its bristle end, when you have painting done. To insure the right kind of job, you need both a master painter and good paint such as pure lead paint.

The master painter and pure lead paint are a time-tried partnership. For a hundred years and more master painters have built reputations for fine work with pure lead paint . . . and enabled property owners to get the utmost for their paint money.

Master painters continue to do that today by using, on exteriors and interiors, pure lead paint made with Dutch Boy white-lead.

Dutch Boy white-lead is sold by paint dealers everywhere.
