

NEW HEAT SAVING EFFICIENCY

...with MUNDET "CUSTOM MOLDED" 85% MAGNESIA

Now available in pipe covering and block insulation, Mundet 85% Magnesia permits new heat-saving efficiency. Precision manufacturing on the latest type of automatic equipment insures uniform standards. Extra durability is built into the insulation. It does not "powder", settle or disintegrate. It is unaffected by either steam or water leakage. It maintains an attractive, smooth finish. Precision pipe fit is assured, with no spaces left for the escape of heat. You benefit from the most modern manufacturing facilities for the production of heat insulation. Write for specification information and recommendations. Mundet Cork Corporation, Insulation Division, 7101 Tonnelle Avenue, North Bergen, N. J.

MUNDET

INSULATION FOR HIGH & LOW TEMPERATURE

Mundet district offices are located in these cities:

ATLANTA 337-41 Ellis St., N.E.	ELMHURST 427 West 4th St.	INDIANAPOLIS 71 E. Washington St.	NEW ORLEANS 515-25 N. First St.

CHARLOTTE, N.C. 597 S. Cedar St.	DETROIT 14421 Profile St.	KANSAS CITY, MO. 1420 St. Louis Ave.	ST. LOUIS 3176 Broadway Ave.
CHICAGO 2801 Cottage Grove Ave.	HOUSTON Commerce and Palmer Sts.	LOS ANGELES (Incorporated) 6116 Walker Ave.	SAN FRANCISCO 442 Broadway St.

In Canada: Mundet Cork & Insulation, Ltd., 31 South Ave., Toronto

More FREE BULLETINS

20 Generators featuring single, double or triple voltage presented in 2-color. Photos and cutaways. Crocker-Wheeler Div., General Electric Co., Schenectady, N.Y.

21 Selenium rectifiers, developed especially for magnetic amplifiers and sensing devices. Includes 2-page booklet. Tables, formulas, examples provided to aid in selection of dimensions for particular applications and combinations. Booklet published by Westinghouse Electric Corp., Pittsburgh 30, Pa.

22 Solderless wire connections. Specialized electrical connections. Photos, dimensions, data, specifications, instructions and wiring information incl. Catalog 33. Hughes Aircraft Co., Culver City, Calif.

23 Variable-voltage motor drives. Outstanding features of full line of drives presented with photos, cutaway operation graphs, and full specifications. U.S. Electrical Motors, Milford, Conn.

24 De motors, 1/2 to 100 hp. and 115 to 230 v. 18-page bulletin. Official guide of construction, enclosure, operating conditions. Photos, cutaways. Bulletin 440, Louis Allis Co., Milwaukee 7, Wis.

MAINTENANCE, SAFETY EQUIPMENT

25 Plastic materials of construction described in 26-page, illustrated booklet. Contains technical abstracts covering various applications of industrial plastics. Atlas Mineral Products Co., Marlton, Pa.

26 All-purpose steel framing for electrical supports and mounting. Photos, dimensions, data, specifications, order number incl. Form DC 151. American Steel and Iron Works, Inc., 8 Lowe Ave., Chicago 31, Ill.

27 Floor anchor plates. Discussed in 4-page, 2-color folder. Photos show typical installations. Photo 27-2522, Armac Drainage & Metal Products, Inc., 2222 Curtis St., Middletown, Ohio.

28 High pressure, interlocking brass and steel flexible hose, for and asphalt hose and necessary couplings covered in illustrated booklet. Latest current application, full test and safety data. Bulletin 18-D, Atlantic Metal Hose Co., Inc., 123 W 54th St., New York 19, N.Y.

29 Portable power tools presented in 20-page, illustrated catalog. Information and specs on hammer drills, screwdrivers, nut-runners, polishers, sanders, grinders. Catalog 331, Granger Co., 493 Lexington Ave., New York 17, N.Y.

30 Fire pumps, horizontal single stage and vertical multi-stage, described in 4-page folder. Photos, cutaways, sketches and dimensions incl. Form 184, Ingersoll-Rand Co., 11 Broadway, New York 4, N.Y.

31 Precision toolroom lathes illustrated and described in 16-page catalog. Features Model 1030 lathe designed for precision work. Photos incl. Catalog 1030B, Rivett Lathes & Grinders, Inc., Brighton 30, Boston, Mass.

MATERIALS HANDLING

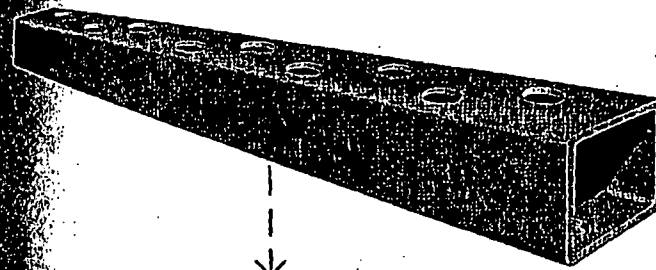

32 Floor level handling of goods and cases in 100-page illustrated catalog. Information and specs on trucks, trailers, trailers, lifts, etc. Catalog 631, Barrett-Cravens Co., 4609 S. Western Blvd., Chicago 9, Ill.

33 Diesel-powered crawler tractor and a variety of applications covered in 18-page folder. Photos, cutaways, sectional views and full specifications.

Minimize Sag

with CHASE® COPPER BUS CONDUCTORS

they're stronger...for LONGER spans

Chase one-piece square copper tube buses have high mechanical strength in all directions. Large cross-sectional areas provide maximum structural strength. And that adds up to longer spans between supports without unduly large sag. And, of course, Chase one-piece buses have the mechanical strength necessary to stand up under heavy short circuits. For further information on Chase ventilated square tube, round tube and flat rectangular bus write for free Chase Bus Conductor Brochure.

FREE Chase Copper Bus Conductor booklet gives physical and electrical characteristics and data on copper saving.
