Good Morning,

Looking forward to connecting with you all this evening in preparation for our Summer Seminar in Coronado NEXT WEEK!

To help get our conversation started, I've proposed some questions in the attached document which we can prioritize and refine based on our call today. This is a FIRST CUT and also TOO MANY questions for the 30 minutes this fireside chat will be, but wanted to give us a spectrum of options to choose from as we look to get these two fostering a back and forth discussion.

I would suggest in our half hour together, it would be helpful to understand from both perspectives what the top 1-2 key messages you're interested in communicating to this audience are given our topic, and then we can ensure that's addressed through the questions we put together.

If there's anything you want to check in on before we are on the line, please don't hesitate to reach out; otherwise see you on the line later today.

Morgan
