Dear Aaron and Abbie:

As you know, our meeting with you tomorrow has been moved and consolidated with other offices on Wednesday, April 9 from 11am-12:30pm in EPA North (Room 4045). Attached are copies of our revised consolidated slides we plan to use on Wednesday, as well as an analysis of how our rules of greatest concern (including air rules) violate the principles that President Trump established for rescinding unlawful regulations under Executive Order 14219 and other EOs.

We have a strong showing of about 30 attendees who have expertise in how pulp, paper and wood products mills are affected by regulation.

We look forward to seeing you. If you have any questions, please let us know.

Thank you,

Paul

Subject: Material for AF&PA-AWC Meeting with EPA/OAR, Wed April 9, 2:45pm

Dear Aaron and Abbie:

Our members are very much looking forward to meeting with you and the EPA Office of Air and Radiation team on Wednesday, April 9 at 2:45pm in EPA North (Room TBD). We have a strong showing of about 30 attendees who have expertise in how pulp, paper and wood products mills are affected by regulation. Attached are copies of our slides we plan to use on Wednesday, as well as an analysis of how our rules of greatest concern (including air rules) violate the principles that President Trump established for rescinding unlawful regulations under Executive Order 14219 and other EOs.

As you will see, our slides discuss our top air regulatory priorities, including (1) the PM NAAQS (both reconsidering the standard and reforming the air permit program), (2) the Good Neighbor Plan (which unreasonably included paper boilers), as well as (3) three MACT Reviews (Subpart MM and Subpart S for the pulp and paper sector, as well as the PCWP rule for the wood products sector). Since we are limited to 30 minutes, we included further details in an Appendix to the slide deck that you and your team can review at your convenience.

Dan: If there will be other EPA attendees at the meeting, I would appreciate it if you could forward these materials to them.

If you have any questions in the meanwhile, please let us know.

We are grateful for the opportunity to meet with you.

Best regards,

Paul
