Dear RFCI:

I am in the process of updating a book on asbestos and understand that you have had some tests done on exposures of workers during typical operations. I would appreciate receiving copies of these reports on the tests:

Monitoring for Airborne Asbestos Fibers: Vinyl
Asbestos Floor Tile

Comparison Testing Monitoring for Airborne
Asbestos Fibers: Vinyl Asbestos Floor Tile

Monitoring for Airborne Asbestos Fibers:
Sheet Vinyl Floor Covering

Comparison Testing Monitoring for Airborne
Asbestos Fibers: Sheet Vinyl Floor Covering,
Wet Versus Dry Scraping

According to the EPA report in which these studies were cited, they were part of a project turned in in 1979 to RFCI by SRI International. In my own book I will also give full credit to RFCI for having these tests done.

If there are any charges for copies of the above reports, please enclose an invoice.

Sincerely,

**RESILIENT
FLOOR
COVERING
INSTITUTE**

Mr. Barry Castleman
1722 Linden Avenue
Baltimore, MD 21217

Dear Mr. Castleman:

Thank you for your recent letter relevant to studies done for RFCI by
SRI International.

The studies you refer to - one on tile and the other on sheet vinyl -- are
available at \$50 each, payable in advance. Those studies which have the
word comparison in front of them are not available.

Kindly forward your check for \$100 and the studies will be mailed promptly.

Robert D. Maurer
Managing Director
