Dear Dr. Lynch:

Vista ALFOL 610 Alcohol contains measurable quantities of branched alcohols. The typical value will be less than 1.0% total branching, with a value of 0.4 to 0.8% being normal for any given shipment.

Please call me at 713-588-3445 if you need further information on this issue.

Sincerely,

Thomas G. Grumbles, C.I.H.
