8/25/69.

Florida Forestry Mtg

Wheeler, Kelly, Kuhn, Richard, Tucker, Eldridge, Springate, Homer, Spano, USFS.

1) Jack Struck — Utah State Univ
PCB-effluent level
- as potent oxygen as DDT
attach "A" letter

2) Ga Health Dept (GA State Agric Dept)
PCBs in milk report
FDA to give State Health (GA) anything we have.

3) Hartford, Conn. publicity
PCBs in Fish

4. Fagus call report
Great Lakes Steel Corp.
report "10 ppm kill all marine organisms"
- we wrote back asking more info.

TRAN 021750

5) Johnson — heat transfer fluid.
will burn out (attd "B")

5 Letters Dixie advised by Wheeler re food contamination — check all customers be sure none come in contact — Originally all taste would go/kill.

EXHIBIT
Plf. 552

WATER_PCB-SD0000005810

+ Fallon? // Kennecott Kenecott Oregon - Had same mercury oil problem - Found out why it happened?

Kellog, Battle Creek called Wheeler - they have new plant in Japan - said they might have to revert.

6) A Good Lab Ann Arbor, Mich - talk to Water Pollution Duluth, Min

Sample Electrode - found:
5 ppm PCB

Scott Tinker found Gould's - had PCB.

WARF - Study Lab Michigan
Sponsored by Abbott, Dell, Stauffer, etc.

Found 9 out of 80 sample ~~Had~~ These are Had samples. Trying to find sources DDT, Dieldrin etc.
Found PCB

Strong for Found PCB - ~~any~~ its 1254

No quantitative yet - want to talk technique to us.

TRAN 021751

(3)

Monsanto

(8) Pensacola situation

- Attach 'C'

- meeting with State people.
  State people didn't ask standing questions

- sample mud - ¼ mile below ww outfall.
  found 486 ppm

- Pensacola will monitor own outfall work with Tucker.

(9) Publicity from Oregon State - attach "D"

Biological Impact

Brucaps Island - Brown Pelican

X Embryos - hundreds of ppm - not confirmed by mass spec.

| Monsanto did not provide samples

- Paper by Reynolds -
  1×10^{10} gr produced 22# lbs/yr. by mass all living organisms on earth
  Leads to
  PCB residues in fish - if FDA ever looked Hazel milk out.....

TRAN 021752

(4)

10) Scott Fisher – memo 8/18/69

USDA Committee mtg W-45 – St L. Oct 15-17.
Attend "E"

11) Our Tests
Chronic 90 day
no effect vals & days
1 duration – 100 ppm – some decrease thickness
eggshell duration

Conclusion

Committee appt.
Elmer Wheeler - Chm
Bill Richard
Martin Fabian
Ed Dehm / Tom Ford

Rept by 9/15 – recommendations on future program
