Subj.	ASBESTOS MATERIAL ORDERING	File No. or Ref.
		Date SEPTEMBER 20, 1979

This letter to cover one customer and one subject only.

The attached list contains all folio asbestos items and the cost to seal these in plastic. The Canton Works is ordering all their asbestos material sealed in plastic to reduce exposure problems. It would greatly benefit Barberton's control efforts if all folio items ordered for Barberton include on the Order Information Sheet that they be sealed in plastic. The extra cost encountered will not be substantial. Also, any new folio items which are known to contain asbestos should also meet this criteria.
