Dear Taka:

This letter is intended to complete your request on altering the warning labels affixed to all asbestos containing rolls. I am enclosing a new label that will be applied to all future NSK Warner asbestos rolls. You will note that this label has a smaller size and is colored white rather than yellow.

I hope this letter finds you and all of our friends at NSK Warner in good health and we look forward to seeing you on future business trips to the United States.

Sincerely,

John C. Genzabella
