Dear Dr. Mekky:

Attached is a proposed schedule for a 3-day seminar on Toxicology, Environmental Health & Environmental Management for medical professionals. For each module I have included a brief topic heading of material to be covered. As the attached schedule is meant merely as a draft for consideration. I would appreciate any comments or suggestions.

If you decide to sponsor a seminar I suggest we hold a planning meeting to discuss the material to be covered and finalize the schedule. Please call if you have any questions.

Sincerely,

Charles P. Lichtenwalner
