CALL OBJECTIVE: ROUTINE

RESULTS OF CALL: Some time ago this company bought out the assets & equipment of Gass & Gass, a sealant manufacturer from San Francisco. We had provided samples of SA 210-HPO to replace Carey TMS. However, my original contact, Art Handen, has left Hunt Process to work for Engard Coatings. Until his replacement comes on board, no evaluation or R&D work can be performed. We will continue to work with Jim Bourne.
