Dear Dr. Kehoe:

Please refer to your letter of February 19, 1946 which was in reply to my letter of January 30, 1946 regarding an individual who is suing the city of Thermopolis, Wyoming, claiming blindness due to the handling of leaded gasoline.

Mr. Axtell, city attorney, has requested permission to use your original letter in the trial which is supposed to come up this week, but before releasing this letter I should like to receive your permission to do so.

As it is imperative that I hear from you as soon as possible, I shall appreciate an immediate reply.

Very truly yours,

B. B. Reeve M.D.
