Kristin and Karen,

Attached is some draft language for the grandfathering (grandmothering) piece we talked about under "Timeframe." I also drafted a new "Coordination" section. We may want to adjust the title as well (not changes in red). Please review. Thank you.

Thanks, Deblyn -- appreciate your work on this. Have you begun your outreach to the state leads and Directorates yet? Also, could you please draft an email for me to use to send to the ELT and the Field Committee this week to notify them of this upcoming guidance and inform

them that they should contact the WO before finalizing any agreements/decisions involving compensatory mitigation in the interim. Also, please see my edit to one part of the writeup. Let me know what you think. --K

Kristin,

Not out yet; I wanted some feed back from you/Karen. Thank you. It will go out tomorrow morning with your edit. I will copy you all and provide some similar text for you to send out to ELT with the revised draft.

Will also get the data call out tomorrow.
