Dear Ms. Brand:

In your telephone conversation with Jack Neeld on August 6, 1980, you requested confirmation of the approval by the State of Louisiana of the Conoco VCM Plant's State Construction and Operating Permit for our proposed expansion. Enclosed is a copy of the agenda of the meeting where the permit was placed before the commission. Although the permit was approved, we still have not received a letter from the State. If you would like confirmation, please contact Gus VonBodungen of the Louisiana Environmental Control Commission at (504) 568-5120.

We hope this satisfied your request.

Sincerely yours,

J. A. DeBernardi
