

JOSEPH SKLAVER, M. D.
LILLEY BUILDING
WATERBURY, CONNECTICUT

Dr. Robert A. Kehoe
Kettering Laboratory
University of Cincinnati
Cincinnati, Ohio.

Dear Dr. Kehoe.

I would appreciate it very much if
you could send me the reprints of
your articles "On the Normal Absorption &
Excretion of Lead" as published in the
Journal of Industrial Hygiene Sept. 1933.

I am interested in lead poisoning,
especially in reference to Hypertension.
Do you have any reprints along this line
or could you suggest any reference?
Any data you may give would be greatly
appreciated.

Sincerely yours,
Joseph Sklaver M.D.
