New Concepts of Occupational Medicine Under OSHA

A Course Designed for Plant Medical Directors and Physicians with Part-time Industrial Affiliation

JULY 17-20, 1978
ORONO, MAINE
University of Maine

DECEMBER 11-14, 1978
ORLANDO, FLORIDA
Dutch Inn – Lake Buena Vista

Presented by

INDUSTRIAL HEALTH FOUNDATION

co-sponsored by

UNIVERSITY OF PITTSBURGH SCHOOL OF MEDICINE

Approved for 24 Elective Hours in Category I of the AMA's Physician's Recognition Award and

24 Elective Hours by the American Academy of Family Physicians applied for

OBJECTIVES OF THE COURSE

The change of concept from the mere detection and treatment of disease to the prevention of any adverse effect on workers requires that even the "part time" physician must practice more than physical examinations and emergency treatment of injuries. Physicians affiliated with industry must now be prepared, and competent, to counsel employees and to advise and consult with management. They will require a familiarity with labor relations and the economic aspects of absenteeism, labor turnover, and the various insurance programs. This course will offer instruction in these and related areas.

CREDIT

As an organization accredited for Continuing Medical Education, the University of Pittsburgh School of Medicine certifies that this continuing medical education offering meets the criteria for 24 Credit Hours in Category I of the Physician's Recognition Award of the American Medical Association. Twenty-four Elective Hours by the American Academy of Family Physicians has been applied for. Certificates of attendance will be awarded.

INFORMATION FOR MAINE COURSE
July 17-20, 1978

TUITION - (includes lunches, coffee breaks, and course materials.) Members of IHF $150
Nonmembers $175

ACCOMMODATIONS - Housing is in modern, elevator dormitories at the University of Maine with all facilities, including coin-operated laundry equipment. Where needed, a single cot can be added to a twin bedroom. Bath facilities are provided for each two-room wing. Room assignments are made by the University of Maine and linens are furnished.

ROOM AND BOARD - For Registrants $15 per day, including breakfast and dinner; $22 per day, including three meals, for spouse, double occupancy. Children under 12 years, in separate room: $10 per day; one cot in parents' room - $11 per day. Charges are to be paid directly to the University of Maine. Payment is to be made upon registration when meal tickets will be issued. Meals are served cafeteria style.

TRANSPORTATION - Public transportation to Bangor is provided by Delta Airlines plus Grey Hound and Bangor & Aroostook buses. Via I-95, Orono is about 2 hours north of Boston.

APPLICATIONS - Should be made early on form provided and mailed to University of Maine Coordinator, Industrial Health Foundation, 5231 Centre Ave., Pittsburgh, Pa. 15232. Full tuition check, payable to Industrial Health Foundation must accompany application. A copy of the application should be sent to the University of Maine as this will delay your enrollment. Cancellations will be accepted with full refund if notice is received by July 1. A fee of $25 will be retained thereafter.

ARRIVAL AND REGISTRATION - Check in is 1:00 p.m. - 6:00 p.m. Sunday, July 16, in the lobby of the dormitory indicated by special signs on campus roads. The accommodations will be available before Sunday or after lunch on Tuesday. Participants must have reservations and can be reached by phoning 207 581 7400.

CAMPUS DESCRIPTION - The campus is 9 miles north of Bangor. Tennis and other athletic facilities are free, with a small charge for use of the olympic size pool. Golf courses are minutes away. Art exhibits, theater and concerts are regular summer campus presentations. There will be a Reception on Monday, July 17, at 7:30 p.m. and a Banquet Dance on Wednesday, July 19, at 7:30 p.m. Cost to be included with room and board fee.

INFORMATION FOR FLORIDA COURSE
December 11-14, 1978

TUITION - (includes lunches, coffee breaks, and course materials.) Members of IHF $150
Nonmembers $175

IHF is a nonprofit organization for the advancement of industrial hearing conservation in industry. For over 30 years, it has provided employers technical assistance with hearing conservation problems.

Membership in IHF offers management's assistance to provide a beneficial environment for the employees. It also entitles the company to the full range of services, including the availability of highly qualified industrial hygiene, safety and medical personnel on a consultant basis.

IHF services help member companies comply with the requirements of the Occupational Safety and Health Act.
