Inter Office

Transmission and Axle Engineering

April 15, 1980

Mr. J. W. Durstine

cc: P. D. Fadow

Subject: Identification Of Production Materials and Components Containing Asbestos

The attached list identifies those parts and bulk materials for which Transmission & Axle Engineering has design and release responsibility and contain asbestos. This list reflects current usage. Programs are in place to replace all of the parts with non-asbestos materials by 1985 model year.
