Gentlemen:

On March 29th we wrote you following up on your letter of November 2, 1964 where it was stated that it was felt that April 1, 1965 would be the time that some decision would be made on changing the resiliency requirements of military specification MIL-P-2863 Condenser Tube Packing.

Since our letter to you of March 29th our representative Mr. W. Klotz has visited with you. It was felt you would have an answer shortly. Please let us know the present status of this project.

Very truly yours,

GARLOCK INC.

J.W. Wright, Manager

Subject: Specification MIL-P-2863
Condenser Tube Packing

Interim Specification MIL-P-002644

Gentlemen:

On June 15 we wrote you enclosing a copy of data compiled by us which is pertinent to resiliency requirements of subject.

We are wondering if you have had an opportunity to pursue this matter.

Any information you can supply will be very much appreciated.

Very truly yours,

GARLOCK INC.

Gentlemen:

In your letter of November 2, 1964 you felt that around April 1, 1965 you would be able to advise action that would be taken in connection with changing the resiliency requirements of military specification MIL-P-2863.

Since April 1 is almost upon us, we thought we would write to determine the present status. Any information you can give us would be very much appreciated.

Very truly yours,

GARLOCK INC.
