10-A

WOODWARD COMPANY

A DIVISION OF THE MEAD CORPORATION
WOODWARD, ALA.

COPY TO:

Please let me know your policy on xraying the lungs of employees at Ragland.

Also, please give me an up-to-date review of the steps you have taken to eliminate dust at Ragland and whether or not you are checking on your dust count.

You may want to enlist the services of Stan Mooney to make the dust counts; but, before doing this, please discuss it with me because we do not want to arouse curiosity or concern on the part of the employees.

With the problems we are having in the coal mines and the dust pollution problems from asbestos, I think we had better look our hand over carefully and take all steps necessary to prevent employee reaction with the bad publicity that is being given industry.
