EMPLOYEE RELATIONS DEPARTMENT
MEDICAL DIVISION
WILMINGTON OFFICE

PONTCHARTRAIN WORKS
SURVEY ON ASBESTOS

Information requested on use of asbestos at this location is as follows:

- A. How many full-time insulators do you have on your plant?

None

- B. How many employees do part-time insulating?
(a) What proportion of the time?

All 72 Industrial Mechanics

1 to 2% of the time

- C. List the (three) most prevalent type of insulating material used.

1. Diatomaceous Earth, Asbestos Silicates,
Inhibited - 90%

2. Urethane Foam - 5%

3. Arma Flex Foamed Rubber - 5%

- D. Are they doing any spraying of insulating materials at your location?

No, done by contractors or construction people only.

DUP 1110059

- E. Give the number of each of the following
your plant has experienced, if any:
- (a) Asbestosis
 - (b) Mesothelioma
 - (c) Carcinomas among insulators

None

- F. List briefly any preventive measures of
safety equipment required in your
location when:

- (a) sawing insulating materials
- (b) removing obsolete insulation
- (c) spraying insulating materials

- (a) Gloves, glasses and good ventilation
- (b) Gloves, glasses and good ventilation
- (c) Not done

Medical services at this location are contracted
with Dr. St. Martin. This contract does not provide for
extra service, such as participating in surveys. Items of
this nature that would be the responsibility of a plant
doctor are handled by line organization. We suggest that
correspondence on such items be sent to the attention of
M. W. Riser, Works Manager.
