

1 A Yes.

2 Q Do you recall the number of mesotheliomas
3 reported on garage mechanics in that study?

4 A In that paper actually Dr. Rushton did not
5 talk about mesothelioma.

6 But since I am a personal friend of Dr.
7 Rushton, I asked her.

8 I wrote to her, and she was gracious enough
9 to go through all of her records, and wrote back to me
10 and told me that there was not a single case of
11 mesothelioma in her study.

12 Q And Rushton didn't break down -- strike
13 that.

14 That is not one of the studies you relied
15 on, is it, in your direct examination today?

16 A No, I thought those four studies are more
17 than adequate.

18 Q Now, do you agree that not all diseases
19 are -- I am sorry, would you agree that not all cases
20 of mesothelioma are necessarily reported in every one
21 of those studies?
