January 29, 1958

Mr. James H. Fluker  
State Office Building  
Dept. of Safety & Hygiene  
Columbus 15, Ohio

KIMBLE GLASS COMPANY  
An ① Subsidiary  
COLUMBUS PLANT

Dear Mr. Fluker:

Confirming our recent telephone conversation, we would like for you or one of your Industrial Hygienist to visit our factory and inspect the equipment we are using in our hydrofluoric acid operation.

While we are particularly interested in your opinion of our exhaust system, we would also like your comments on the entire operation, including personal protective equipment.

If at all possible, we would like to know in advance when a visit may be expected, so that proper arrangements can be made for the tour.

Sincerely yours,

*R. J. Leddy*  
R. J. Leddy
