Hello Sydney,

Thank you. The 18th at 8:30 am is fine. I will follow up with the names of the attendees.

Sincerely,

Gay Ludwick

Subject: Request; Reschedule meeting with Administrator Pruitt and RJ Kirk of Intrexon

Dear Sydney and Michelle,

On behalf of Roy Bailey I am writing to you to reschedule the meeting with Administrator Pruitt for this week. The Administrator and Mr. Bailey spoke recently and discussed this request. Mr. Kirk just happens to be in the East this week and wondered if the Administrator would be open to meet with Mr. Kirk and Mr. Bailey on the morning of the 17th or 18th. Mr. Kirk needs to be in New York City the afternoon of the 17th. That is why we choose those dates. Please let us know if either Wednesday or Thursday morning will work or what you might have to offer.

I look forward to hearing from you soon so, we may make plans.

Sincerely,

Gay

Hi Sydney,

Appreciate the swift response and consideration. We certainly appreciate the demands being placed on Administrator Pruitt, no worries. We will be in touch next time Paul is in town. All the best,

victor

Good afternoon Victor,

Thank you for reaching out! Unfortunately the Administrator is traveling all day on the 17th. My apologies we couldn't make it work this time. Please never hesitate to reach out in the future!

Thank you!

Importance: High

Hi Sydney,

I hope all is well. I am following up on my email from yesterday. I'd greatly appreciate any guidance on next steps re. this meeting request. Cheers!

Subject: Meeting Request With Administrator Pruitt

Dear Ms. Hupp,

I hope this note finds you well. I am writing to request a meeting with Administrator Pruitt on behalf of my company's President & CEO Paul Browning. I understand that there might be a form we'd need to fill out as part of the scheduling process, and I'd appreciate any assistance you can provide. Mr. Browning will be in Washington on 17th.

MHPSA is a U.S.-based manufacturer and provider of thermal power generation technologies. Mr. Browning would like to speak with Administrator Pruitt about our company's experience in

deploying commercially-viable clean coal and emissions' control solutions in the United States. He would appreciate the opportunity to provide feedback on ways in which the Administration can expedite the deployment of commercially-viable technologies to achieve cleaner air and water and economic growth. Thank you in advance, and I look forward to hearing from you.

Best regards,

Victor
