

August 5, 1974

Mr. Forrest Hamilton
Chase Bag Company
P. O. Box 10192
Portland, Oregon 97210

Dear Forrest:

This is to confirm my telephone conversation with you Thursday, concerning bags ordered for our Marietta, Georgia plant on purchase orders G-07722 and G-08117. *att*

The 50 pound P-1071 Triple Duty Bags are to be supplied without any asbestos warning imprinted on the back of the bag. As explained, asbestos will be used as a raw material in one marketing area and will be taken out of our formula in a different marketing area. In each case it will be the plant's responsibility to apply an appropriate gummed label to indicate the nature of the contents.

On order G-08117 we do wish to have the P-2053 Vinyl Topping and P-2052 Vinyl Bedding Bags shipped to Marietta as originally indicated on this order. In my conversation Friday with Bosco, we increased the quantity of Vinyl Topping Bags on this order from 40,000 to 50,000 and cut back the number of Vinyl Bedding Bags from 20,000 to 10,000. At the completion of Marietta's custom filling operation we intend to send any bags left over to the Chicago plant in the final car of finished goods.

Thank you very much.

Very truly yours,

Edward L. Aasen
Purchasing Manager
Gypsum Division
